

We Make Your Bindings Easier!

Tube Binding Machine **HJ-200A**

The HJ-200A is a compact and rugged automatic drilling and binding machine. It uses a specially-made plastic tube to carry out the bindings in the way of forming eyelets with pressure and heat on both ends. The whole process is automatic with just one "START" push and the maximum thickness of binding is 50 mm (around 600 sheets of A4). The finished works are of supreme security and durability, so it is an excellent choice for universal voucher and account bookkeeping, files and documentations archiving and general binding applications after printing.

HJ-200A

Tube Binding Machine

Features

- Supreme Security – Page Sliding-outs are impossible and Page Tearing-offs are easily discovered.
- Accessible Traceability - Bound books are conveniently referred to and looked up for checking.
- Supreme Durability - 30 years of intact storage of books and archives bound by HJ-200A is guaranteed.
- Reliable Automated Intelligence - The One-Button-Done Design and Smart Programs are integrated inside.

Specifications

1. Binding and Drilling Capacity: 50 mm
2. Drill / Bind Method: Electric
3. Diameter of Holes Drilled: 7 mm
4. Binding Style: Tube Binding
5. Max. Working Power: 400 W
6. Machine Depth: 430 mm
7. Machine Width: 460 mm
8. Machine Height: 665 mm
9. Machine Weight: 40 Kg
